Members of the planning team, with student volunteers from the Koliganek School, set up and managed the workshop, and recorded all community comment. The Koliganek Environmental Program, through a separate planning process, compiled priority environmental issues for the community. An excerpt from the Koliganek IGAP work plan for 2005-2006 is included in the 'Land

Use, Housing & Environment' chapter of the plan. Bristol Bay Housing Authority contributed to the section on Housing, in the same chapter.

The New Koliganek Village Council and the BBNA Wellness Program donated door prizes for the workshop.

Funding was provided through the Bristol Bay Community Planning Project, from the US Department of Agriculture, Rural Development Agency, Bristol Bay Housing Authority, Bristol Bay Native Association, Bristol Bay Area Health Corporation, and Bristol Bay Native Corporation. Planning assistance was provided by Agnew::Beck Consulting, LLC. Socioeconomic data for both the village and the region was provided by Northern Economics, Inc.
